Dear Parents/Guardian,

Lusk Community College Parents Association AGM will be held on **Wednesday 8th November at 7pm** in Lusk Community College.

This will be followed by a seminar by Finbar Horgan of AsIAm: Autism, Acceptance and Understanding.

We would like to thank all our committee members past and present for their commitment and contribution to building and maintaining a partnership between the parents and school which is working to benefit all.

The Parents Association will be seeking new members to come on board and would ask all parents, particularly parents who are new to the school, to consider joining us.

Nominations for committee membership will take place at the AGM with officer roles assigned at the next committee meeting. You do not need to have any experience of being on committees, your experience as a parent or guardian is more than enough!

Please see the attached agenda for this year's AGM, previous AGM minutes and flyer for the seminar.

Regards,
Ian Byrne
Secretary of Lusk CC PA Committee
