1st March 2023

Dear Parent(s)/ Guardians

We are pleased to inform you of the reopening of the school canteen in conjunction with our new supplier Get Fresh Catering following its prolonged closure.

The new canteen service will have cashless payment. The cashless system primarily works based on the students using a topped-up card to tap and pay for their purchases in the canteen. This new venture will roll out on a phased basis over the coming weeks as our new partners adjust to the set up and student numbers here at Lusk Community College, with the new cards distributed to students as we go along by their tutors.

This system will eliminate the need for students to carry cash from parents on a daily basis. Instead, parents / students can upload money onto their account where it is stored safely and ready for use to spend within the school canteen. This cashless service will lead to shorter queues and no delay waiting for change as well as allowing parents to control expenditure with online report available showing all items purchased. Cards can be easily topped up online from Smartphones, Tablets and Pc's.

Lost or stolen cards, can be cancelled immediately once reported and the remaining balance transferred onto a new card.

How to Use your Card.

1. Register an account with <https://touchtopup.net>
2. Link the purchased card to your account
3. Top Up your account with Credit or Debit Card.

Further details on the system please see the attached leaflet or visit www.getfresh.ie

We are all looking forward to this new venture beginning.

Yours sincerely

Ms Ciara Grant
Deputy Principal
