## **Attn: Parents/Guardians of Incoming First Year Applicants 2023/24**

Dear Parent/Guardian,

I hope that this letter finds you and your family well following the return to primary school and sixth class. The 2022/23 school year is an important and special year for your son/daughter as they approach the end of their time in primary school and begin to make plans and preparations for the transition to secondary. There is no doubt that this transition can potentially cause worry and anxiety. These feelings are compounded by the uncertainty caused by events of the past two years. With this in mind, it is our intention at Lusk Community College to ensure that the transition to secondary school is designed in a way to allow students time to adapt to their new environment and grow in confidence to enable them to successfully integrate into their new school routine. We are grateful for your consideration of Lusk Community College as a potential destination for your son/daughter as they continue their educational journey.

The values of our school are *Kindness, Respect and Responsibility*. These values are fostered throughout the entire school community and are done so with the intention of maintaining a culture where all feel that they have a valued contribution to make, and most importantly, that they belong. It is within this culture that students can best reach and surpass their potential both socially and academically. It is our aim, that students leaving Lusk Community College at the end of their time here, are confident, self-aware, resilient young adults with a curiosity for learning that will serve them well in the modern world for the rest of their lives.

We are an iPad school, and this forms an integral part of the teaching and learning which takes place in our classrooms. The iPad is a learning tool which enhances the learning experience, and allows interactive learning, assessment, and feedback to take place during each lesson. We have a skilled and vibrant staff who are fully committed to supporting your son/daughters individual learning needs in preparation for state exams and in promoting their holistic development through extracurricular activities and other areas of learning. Our recently completed Phase 2 building allows students access to the best new, state of the art facilities available.

We are delighted to report that our newest student intake, our 2022 First Years, have settled into life at LCC incredibly well since they joined us in September, just a few short weeks ago. 210 students have joined us in first year, and we are proud of all their hard work, efforts, and achievements to date.

Lusk Community College held its Open Night Event for 2023/24 Incoming First Year Applicants/ Parent, Guardians on Thursday, 29<sup>th</sup> September 2022. The following information was provided on the night:
